Parts Updates

None

[Top](#)

Shipping Papers Updates

- Shipper's Declaration for Dangerous Goods
 - Added a new 2019 IATA segregation exception that allows the Class 3 material, UN3528, to be packed with Division 5.1 materials (primary or subsidiary). Currently, the segregation rules do not allow these two classes/divisions to be placed together

[Top](#)

General

- IATA
 - State and Operator Variations updated to reflect the changes in the new 2019 IATA
- IMDG
 - Packing Instructions updated to reflect the changes in the new 2018 IMDG
 - Segregation rules updated to incorporate the new "SGG" codes
